

## Additional Irvington Initiatives

Many members of our Social Action Committee played a part in enhancing and expanding our burgeoning relationship with Irvington. After our schools initiative launched, a range of additional Irvington initiatives also sprouted, including,

- Chancellor Avenue school gave us a wish list of items they needed which our congregation provided, including musical instruments, audio visual equipment, computers, printers and library books. We ultimately obtained all of these items for them through a series of solicitations to the congregation.
- We conducted a parenting workshop
- We conducted a Tai Chi Stress reduction class for the teachers.
- We provided food baskets for the December holidays
- We conducted a winter coat drive
- Our Religious Education program conducted computer seminars for senior citizens
- We conducted a lactation class for expectant mothers.

Our congregation had initiated a true partnership with our Irvington neighbors.

UCS Social Action Committee members participate in Spruce Up Day at the Chancellor Avenue School in Irvington, NJ
