

## Can my child visit a religious education class?

---

We'd be delighted to have your infant or child as a guest. Nursery care is available for infants through two-year-olds, while older children can attend a class with other children in the same grade at school. Age-appropriate curricula are chosen with great care to nurture and further your child's spiritual and moral development. Religious education supervisors in the lobby can direct you to the appropriate class. If you do choose to drop your child off, please take a moment to visit with his/her teacher.
